

Willy Wonka Cast Bio

WHAT IS A CAST BIO?

A cast bio is a short paragraph about each cast member. It is written in the third person. It usually includes name, age, current role, performance history and personal information. Example:

John Rodriguez is 10 years old and plays the part of Schoolboy Sam. This is his third time on stage. Previous productions include *Peter Pan* (Lost Boy) and *Oliver!* (member of Fagin's gang). John is in 5th grade at Sunny Brook Farms Elementary School. When he is not on stage he enjoys playing the trumpet, reading science fiction, and riding his skateboard. John thanks his parents and family for their support during this production.

WHY DO YOU WANT IT?

Your cast bio will be attached to your headshot photo. They will be displayed in the theater lobby during the performances for the audience to read and enjoy.
